Embedded Software (Linux)- Senior Engineer/ Module Lead/Project Lead/Module Lead/Project Lead

Experience: 3 to 15 years

Key Skills: Linux Device Driver, Boot Loader, U-Boot, C, Linux Kernel, Board Bring Up

Location: Bangalore

Embedded Hardware (Digital)- Senior Engineer /Module Lead

Experience: 2 to 15 years

Key Skills: Digital and Mixed Signal Design, Schematic, Microprocessor Based Design, High-speed Design, FPGA, Qualcomm, Layout.

Location: Bangalore

Embedded Software (Firmware)- Senior Engineer/ Module Lead

Experience: 7 to 10 years

Key Skills: RTOS, Board Bring up and bootloader debugging, UART, I2C, SPI, MMC/SD, DDR, Ethernet, Flash memories, ARM A53, A72 & R5 cores, JTAG.

Location: Bangalore

Embedded Software (VxWorks)- Senior Engineer /Module Lead

Experience: 4 to 8 years

Key Skills: VxWorks RTOS, Device Driver Development & Porting, UART, I2C, SPI, Ethernet & Flash Memory Drivers, ARM Cortex-A53 & Cortex-R5 Processors

Location: Bangalore

Embedded Software (Functional Safety: Process Expert)- Senior Engineer /Module Lead

Experience: 7 to 10 years

Key Skills: C Programming, ASIL and ISO-26262 standard,ASPICE, FMEA, Functional Safety certification, ARM A53,A72 & R5 cores.

Location: Bangalore

Embedded Software (Automotive Cybersecurity)- Module Lead/Project Lead

Experience: 5 to 10 Years

Key Skills: AUTOSAR Crypto Stack, Infineon Aurix, NXP S32K, AES, RSA, ECC, TLS, IPSe, ISO 21434 & ASPICE Standards

Location: Bangalore

Embedded Software (Automotive)- Senior Engineer /Module Lead

Experience: 4 to 8 Years

Key Skills: AUTOSAR, MCAL, BSW, CDD, RTE, CAN, LIN, UDS, ASPICE / Agile Process & Functional Safety (ISO 26262), Microcontrollers & SoCs.

Location: Bangalore

Embedded Software (Automotive-Linux)-Module Lead/Project Lead

Experience: 5 to 10 Years

Key Skills: Linux Device Driver, U-Boot & Linux Kernel, Board Bring-up & Bootloader Debugging, I2C, SPI, USB, Ethernet, PCIe, MMC/SD, RT-Linux, Ubuntu, and Android Customization, BSP, FreeRTOS.

Location: Bangalore

RF Design – Senior Engineer /Module Lead

Experience: 2 to 8 years

Key Skills: RF Design, Microwave, Mixed signal, RADAR, HFSS, ADS

Location: Bangalore

Embedded Hardware (Digital)– Senior Engineer /Module Lead

Experience: 3 to 8 years

Key Skills: Mixed-Signal Design Experience, Microprocessor, Micro-controllers, DSP, Processor – ARM, PowerPC, RF, SOC, DDR3, DDR4, LPDDR4, EMMC, CSI-2, PCIe, FPGA

Location: Bangalore

Embedded Software (Linux) – Senior Engineer

Experience: 3 to 6 years

Key Skills: I2C, SPI, UART, Ethernet, MIL1553, ARINC429, RS422, RS485, Flash, Xilinx SDK, Eclipse, Vitis, Quartus Prime, CCS, STM32, TI MCU, PIC, Xilinx Zynq, MPSoC, RFSoc, PowerPC, Intel Atom, TI Sitara.

Location: Bangalore

Embedded Software (Linux & VxWorks)– Senior Engineer /Module Lead

Experience: 2 to 4 years

Key Skills: I2C, SPI, UART, Ethernet, MIL1553, ARINC429, RS422, RS485, Flash, Xilinx SDK, Eclipse, Vitis, Quartus Prime, CCS, STM32, TI MCU, PIC, Xilinx Zynq, MPSoC, RFSoc, PowerPC, Intel Atom, TI Sitara.

Location: Bangalore

Embedded Software –Manager

Experience: 15+ Years

Key Skills: Software Development, VxWorks, RTOS, Linux, Device Driver, Defence & Aerospace.

Location: Bangalore

Embedded Software– Project Lead

Experience: 10+ years

Key Skills: VxWorks, Linux OS, GUI development, Signal processing, MATLAB Simulation and Simulink.

Location: Bangalore

Embedded Hardware (Simulation)– Senior Engineer /Module Lead

Experience: 4 to 6 years

Key Skills: Signal Integrity, Power Integrity, PDN analysis, high-speed digital interfaces (DDR/PCIe/USB/etc.), S-parameter & eye diagram analysis, PCB layout & stackup for SI/PI, simulation/validation of high-speed channels, electromagnetic modelling.

Location: Bangalore

Electrical CAD(E-CAD) Design – Senior Engineer/Module Lead

Experience: 3 to 6 years

Key Skills: PCB CAD, Layout Design, High-speed Design, Allegro, Altium, OrCAD

Location: Bangalore

Power Validation Engineer – Senior Engineer /Module Lead

Experience: 4 to 8 Years

Key Skills: Battery and Power Management, power measurements and debugging, oscilloscopes, voltage and current probes, Digital Multimeters, DC electronic loads

Location: Bangalore

Senior Project Engineer – R&D – Senior Engineer /Module Lead

Experience: 4 to 6 Years

Key Skills: Conduct R&D project review meeting and follow-up, Prepare periodic reports on R&D project, Knowledge on R&D project life cycle process

Location: Bangalore
